

**"IT'S IN THE AIR"**

Colours in the sunset-air  
Movin' cotton clouds  
Such a joy being there  
playfull roundabouts  
    Controlling directions  
    two strings, climbing heights  
    gacefull reflections  
    oh boy, just like my kites.  
Kites, just made for having fun  
twisting circles in the sky.  
Some are reaching for the sun,  
they like freedom, and so do I !
